June 21, 2021

Dear Senator XXXXXX,

American Citizens Abroad, Inc. (ACA), is the largest, Washington, DC-headquartered, non-profit, non-partisan 501(c)(4) representing the millions of Americans that live and work overseas. ACA advocates for distribution of the COVID-19 vaccine to all Americans including those Americans living and working overseas. ACA has written to Congressional leadership and the US State Department on this issue:

- [ACA Writes Follow-Up to US State Department and Congress requesting clarification on the vaccination policy for Americans living and working overseas. - 05-19-2021](#)
- [ACA Writes US State Department and Congress requesting information on availability of vaccines for Americans Overseas - 04-12-2021](#)

ACA is pleased to see that Senator Murphy and Senator Moran have invited their colleagues to join a co-sign letter to Secretary Blinken regarding vaccinating American citizens overseas. While the country is quickly approaching its target of vaccinating 70 percent of adults living in the U.S., American citizens living overseas may not have access to a vaccine for months or even years. This letter encourages the Administration to donate supplemental doses abroad to support vaccinating Americans via U.S. Embassies or Consulates, and encourages the Secretary to explore coordination with the Defense Department to maximize capacity to reach Americans overseas.

ACA encourages your offices to support the effort to vaccinate all Americans by adding your name to this very important letter. The deadline for sign-on is COB Wednesday, June 23<sup>rd</sup>. **Please contact [Cole Bockenfeld@murphy.senate.gov](mailto:Cole.Bockenfeld@murphy.senate.gov) with any questions or to sign on.**
